

JGS-Most Cited papers of 2020

[1] [A Novel Grey Model with A Three-parameter Background Value and Its Application in Forecasting Average Annual Water Consumption Per Capita in Urban Areas Along The Yangtze River Basin](#)

Authors: [Li, Shuliang](#); [Zeng, Bo](#); [Mai, Xin](#); et al.

The Journal of Grey System, Vol. 32, No. 1 pp: 118-132, 2020

JGS-Most Cited papers of 2019

[1] [Improved GM\(1,1\) Model Based on Simpson Formula and Its Applications](#)

Authors: [Ma, Xin](#); [Wu, Wenqing](#); [Zhang, Yuanyuan](#)

The Journal of Grey System, Vol. 31, No. 4 pp: 33-46, 2019

[2] [Multi-attribute Grey Target Decision-making Based on "Kernel" and Double Degree of Greyness](#)

Authors: [Guo, Sandang](#); [Li, Ye](#); [Dong, Fenyi](#); et al.

The Journal of Grey System, Vol. 31, No. 2 pp: 27-36, 2019

[3] [Multivariate Grey Prediction Models for Pattern Classification Irrespective of Time Series](#)

Authors: [Wang, Wen-Bao](#); [Hu, Yi-Chung](#)

The Journal of Grey System, Vol. 31, No. 2 pp: 135-142, 2019

[4] [A Brief Introduction to the Grey Machine Learning](#)

Authors: [Ma, Xin](#)

The Journal of Grey System, Vol. 31, No. 1 pp: 1-12, 2019

[5] [On Variable Weight Clustering Model of Generalized Interval Grey Numbers for Multiple Uncertain Data](#)

Authors: [Zhang, Qin](#); [Fang, Zhigeng](#); [Liu, Sifeng](#); et al.

The Journal of Grey System, Vol. 31, No. 1 pp: 84-99, 2019

[6] [Classification of Research Problems in Grey System Theory based on Grey Space Concept](#)

Authors: [Mierzwiak, Rafal](#); [Xie, Naiming](#); [Dong, Wenije](#)

The Journal of Grey System, Vol. 31, No. 1 pp: 100-111, 2019
